Draft Agenda
Landscape Conservation Workshop
April 21 -22, UC Davis Conference Center

Day 1

(Focus: Status of CA climate change adaptation policy, science, and actions.)

8:30 **Welcome/Introductions – CA LCC staff and UC Davis**

Sets the tone for the two days, gives an overview of CA LCC, purpose of workshop, and snapshot of presentations and discussion opportunities.

9:00 **Plenary:**

Summary of existing climate change policy from Federal and state stand point and/or latest breaking climate science (2 speakers?)

10:00 **BREAK – 30 minutes**

10:30 **Panel with Q & A- Climate Change Initiatives & Frameworks (1.5 hours or two 45 minute panels, 1 moderator and 3-4 speakers panel)**

Options:

- Federal Climate Change Initiatives (LCCs, CSCs, and USDA Climate Hubs)
- State/local Climate Change Planning/Initiatives (SGC, CBC, Fresno County, Sonoma County, Conservation Lands Network, etc.)
- Climate Change Frameworks: National Fish Wildlife Plant Climate Adaptation Strategy, Safeguarding CA, SWAP, LCC Network Plan, etc.

12:00 **LUNCH – 1 Hour**

Set up posters after/during lunch

1:00 **Concurrent Session #1 – (1.5 hours, 3 concurrent sessions, 1 moderator and 3-4 speakers each)**

- What is working: Science-management collaborations successfully informing or implementing adaptation strategies.
    - Group by geography, ecosystem process, and step in Climate-smart Process (See list of topic areas for complete detail)

2:30 **BREAK – 30 minutes**

3:00 **Concurrent Session #2 – (1.5 hours, 3 concurrent sessions, 1 moderator and 3-4 speakers each)**

- What is working: Science-management collaborations successfully informing or implementing adaptation strategies.
    - Group by geography, ecosystem process, and step in Climate-smart Process (See list of topic areas for complete detail)

4:30 **Reception/Posters – food and drinks**

5:30 **ADJOURN**

Day 2

(Focus: Making it real - Regionalized or specialized sessions for network/collaboration development, needs assessment, and facilitated discussions of how adaptation is being implemented)

8:30 **Welcome**

Sets the tone for the day and reminder of the purpose of the workshop, gives overview of Day 1 presentation and discussion sessions, and snapshot of Day 2 presentations and discussion opportunities.

9:00 **Concurrent Session #1 (1.5 hours, 2-4 concurrent sessions, 1 moderator and 4-5 speakers each)**

- Climate-smart conservation mini training **(move to day 1?)**
- Facilitated discussions/workgroups to identify opportunities for collaboration.

10:30 **BREAK – 30 minutes**

11:00 **Concurrent Session # 2 (1.5 hours, 2-4 concurrent sessions, 1 moderator and 4-5 speakers each)**

- World Cafés – Needs identification
- Facilitated discussions/workgroups to identify opportunities for collaboration.
- CA LCC projects – identify further applications to management

12:30 **LUNCH – 1 Hour (motivational speaker over lunch)**

1:30 **Concurrent Session #3 (1.5 hours, 2-4 concurrent sessions, 1 moderator and 4-5 speakers each)**

- World Cafés – Needs identification
- CA LCC projects – identify further applications to management

3:00 **Closing Plenary – Moving Forward, Action Oriented (pull things together)**

- Paint a picture of what the future can be with collaborative climate-smart conservation
- Facilitated Discussion and Q & A

3:45 **Wrap Up**

- Action moving forward
  - *Prep this person with key discussion points and highlights from workshop sessions*

4:00 **Adjourn/Workshop Ends**

Options for adjusting Day 2:

- Move up star speaker to after lunch so that workshop can end earlier
- Eliminate 1st concurrent session on Day 2
